# **Town of Clermont Oxford Road Paving Project Scope**

The Town of Clermont is accepting bids to widen, do a full-depth reclamation (FDR), and overlay the portion of Oxford Road between Main Street and U.S. 129. This road is approximately 2085 feet long. It is 18 feet wide and is to be widened 2 feet, making it a 20-foot roadway.

The attached map shows the area to be widened. From Main Street to about 1050 feet, there will be one foot added to each side of the existing road (the area marked in red). From the 1050 feet mark to the 1850 foot mark (blue color) the widening will shift to the north side of the road and will add the 2 foot to this side of the road. The remainder of Oxford Road which is approximately 200 feet (yellow) will shift the 2 foot widening to the south side of the road. At the intersection with 129 add 2 feet to the south side of the road.

This project consists of:

1. A FDR of the entire road and
2. Adding 2 feet to the width during the FDR
3. Installing 2" of 19mm binder coarse
4. Overlay with 1.5" of 9.5mm surface coarse with lime.

All work on Town of Clermont projects must be performed in accordance with provisions and requirements set forth by the Georgia Department of Transportation.
